Interested in Building Community by Growing Vegetables?

A group of people are exploring how a community garden hosted by South Church could benefit Manchester families. Do you have a green thumb? Would you like to learn more about what Community Gardens are all about? If you're curious about what a community garden could mean for families' physical health, financial success, and developing friendships, please contact Jeff Kieft (720-882-8796 or gjkieft@yahoo.com). We hope to have local gardening expert Bettylou Sandy join us for an exploratory/info session in the near future (date and time to be announced).

Check out the VBS Donation Board when you come in today. Please give and pray for our team as they prepare for this year's Roar! VBS!
